Allowable Subject Matter

Claims 11-13 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding **Claim 11**, prior art fails to teach that the length of the first period is controlled by a result of calculating an average luminance level by an image signal input in a predetermined number of preceding frames as claimed.

Regarding **Claim 13**, prior art fails to teach that the first period is to be set longer or shorter than a predetermined length base on whether the image signal is a moving or a static image as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
